To whom it may concern:

During this time in the area of ecotourism, Miss Cassandra DePecol served as project coordinator for Sustainable Development and Environment, performing tasks of responsibility and inquiry as to the quality of services and how to make these services are provided to visitors in the best way possible, environmentally speaking.

I can see that Miss Cassandra De Pecol, works with energy and passion in everything that is proposed and do not mind taking her own actions on her own initiative, has considerable experience as a planning and sustainable development is concerned, which is a big advantage when delegating work.

Therefore I am pleased to recommend your services and I am sure you will not regret, I have total confidence in their skills and abilities to perform any work related to their specialty.

I remain at your disposal for any questions regarding the lady. Cassandra De Pecol.

Sincerely,
